

The enclosed prescription medication is made by ImprimisRx® a pharmaceutical compounding company that specializes

in customizing medications to meet unique patient and practitioner needs.

This document is for professional use

only. This document contains

information related to the individual ingredients contained in the above

described compounded formulation. Use of this formulation has not been

reviewed by the U.S. Food and Drug

Administration (FDA) for any indication.

This information may not cover all possible uses, directions, side effects,

precautions, allergic reactions or drug interactions. ImprimisRx dispenses

compounded medicines to licensed practitioners and individually identified

patients with valid prescriptions.

Compounded medications are not reviewed by the FDA for safety or

efficacy. ImprimisRx does not compound copies of commercially

available products. References available upon request.

## Dexamethasone Sodium Phosphate

## Moxifloxacin HCl

### Possible Indications

Post-Surgical Inflammation  
Allergic Conjunctivitis  
Inflammation of Anterior Segment of Eye  
Keratitis, Optic Neuritis, Iritis  
Sympathetic Ophthalmia

Bacterial Conjunctivitis

### Possible Adverse Effects

Conjunctival Irritation  
Burning and Stinging Sensation  
Fever  
Eye Irritation and Infection  
Airway Obstruction  
Anaphylaxis  
Angioedema  
Circulatory Shock  
Blindness  
Post-Injection Flare  
Wound Healing Suppression  
Anaphylaxis  
Corneal Perforation  
Headache  
Subcapsular Posterior Cataract  
Ocular Hypertension  
Optic Nerve Damage  
Visual Field Defect

Conjunctival Irritation  
Fever  
Eye Irritation  
Airway Obstruction  
Anaphylaxis  
Angioedema  
Circulatory Shock  
Dyspnea  
Facial Edema  
Fungal Superinfection  
Laryngeal Edema  
Loss of Consciousness  
Pharyngeal Edema  
Pruritus  
Superinfection  
Urticaria  
Pigment Dispersion Syndrome

### Dosing

Intracameral doses of moxifloxacin in excess of 500mcg may be associated with inflammatory reactions and corneal endothelial toxicity  
• Use up to 0.1 mL of the Dex-Moxi 1mg-5mg/ml solution (500mcg/ml of moxifloxacin)

### Potential Contraindications/ Precautions

Infants and patients less than 12 years of age  
Lactation  
Pregnancy

Infants  
Lactation  
Pregnancy

### Storage

Store at Room Temperature

20°C to 25°C (68°F to 77°F)

### Auxiliary Labeling

Store upright in original bottle

For professional use only
