

The enclosed prescription medication is made by ImprimisRx® a pharmaceutical compounding company that specializes in customizing medications to meet unique patient and practitioner needs. This document is for professional use only. This document contains information related to the individual ingredients contained in the above described compounded formulation. Use of this formulation has not been reviewed by the U.S. Food and Drug Administration (FDA) for any indication. This information may not cover all possible uses, directions, side effects, precautions, allergic reactions or drug interactions. ImprimisRx dispenses compounded medicines to licensed practitioners and individually identified patients with valid prescriptions. Compounded medications are not reviewed by the FDA for safety or efficacy. ImprimisRx does not compound copies of commercially available products. References available upon request.
