

The enclosed prescription medication is made by ImprimisRx®, a pharmaceutical compounding company that specializes in customizing medications to meet unique patient and practitioner needs. This document is for professional use only. This document contains information related to the individual ingredients contained in the above described compounded formulation. Use of this formulation has not been reviewed by the U.S. Food and

Drug Administration (FDA) for any indication. This information may not cover all possible uses, directions, side effects, precautions, allergic reactions or drug interactions. ImprimisRx dispenses compounded medicines to licensed practitioners and individually identified patients with valid prescriptions.

Compounded medications are not reviewed by the FDA for safety or efficacy.

ImprimisRx does not compound essentially copies of commercially available products. References available upon request.

imprimis Rx®

Product Name:

Moxifloxacin HCl

Intraocular Solution for Injection
Preservative-Free

Moxifloxacin HCl

Possible Indications

Bacterial Conjunctivitis

Possible Adverse Effects

Conjunctival Irritation
Fever
Eye Irritation
Airway Obstruction
Anaphylaxis
Angioedema
Circulatory Shock
Dyspnea
Facial Edema
Fungal Superinfection
Laryngeal Edema
Loss of Consciousness
Pharyngeal Edema
Pruritus
Superinfection
Urticaria
Pigment Dispersion Syndrome

Potential Contraindications/ Precautions

Infants
Lactation
Pregnancy

Dosing

Intracameral doses in excess of 500mcg may be associated with inflammatory reactions and corneal endothelial toxicity

Use up to 0.1ml of the 0.5% solution (500mcg/ml)

When using the dilute solution, 0.1% (100mcg/ml), use no more than anterior chamber volume of roughly 0.25ml

Storage

Store at Room Temperature

20°C to 25°C (68°F to 77°F)

Auxiliary Labeling

Store upright in original bottle

Protect from light

For professional use only
